

STL-1

6 - 14 VDC Strobe Light

Benefits & Features

- ❖ *Single post threaded mounting screw*
- ❖ *Designed for use with the ATW DS-301 Set or the H-301 Set*
- ❖ *Compact style and weather-resistant*

Specifications

Flash rate: 115 per minute

Operating voltage: 6 - 14 VDC

Current draw: 150 mA @ 12 VDC

Operating life: 200 hours of continuous duty @ 12 VDC

Dimensions: 2.8" x 1.5"

Color: STL-1A: Amber, STL-1B: Blue, STL-1C: Clear, STL-1R: Red

Material: Black ABS plastic base and acrylic lens

Wiring: Red-positive, Black-common

Quality • Reliability • Affordability
